Capstone42 (Capstone Project 2) Consultation Logs Form

Capstone Project Title: ilearnCentral: A Cloud-Based Learning Center Platform with Mobile Technology

Names of Researchers: Jephunach C. Malibit Christian G. Paragoso
Rhea Shana M. Chiong John Rey D. Durano

TOTAL # of Modules → as noted and approved by the Dean:

Prototype	Date and Time of Consultation	# of Modules Fully Implemented (1 pt each)	# of Modules Partially Implemented (0.5 pt each)	Running Score	Percentage	Project Manager's Signature	Adviser's Signature
1st Prototype should be within: 30% - 50% of the modules/pages must be running	9/1/20						
Remarks: The prototyping of the app still has some bugs that needs to fix in order for the app to be running smoothly. Also, needs to start on other modules to fix goal on project-time scope. Needs to create more users to establish bugs and determine which part of the app we can improve. Most part of the filing module is already up and running that needs to catch-up with remaining parts to be examined.							
2nd Prototype should be within:	10/11/20						
Remarks:							

Page 1 of 2

51% - 70% of the modules/pages must be running

The Account Management and Filing Module is already up and running but still needs to determine bugs and fix immediately. The Enrollment module has already started but quite a struggle at time Payment part. Needs to catch up with a solution quickly to catch-up with the schedule of defense and to be determined with adviser.

3rd Prototype
should be within:
71% - 100% of the modules/pages must be running

Remarks:

- Checking of the overall direction.
- Evaluation of overall project.

This is to certify that I have been regularly consulted by my advisees; have reviewed their system output as well as the required manuscript of the above-stated study. As their adviser, I therefore submit them ready for Oral Defense as their third prototype is within the required percentage. (scheduled on _____)
